

# FlaxSheen® Dog Shampoo

Based on Flaxseed Extracts  
to Cleanse and Shine

**FlaxSheen® Dog Shampoo** is a natural alternative to harsh cleaning products traditionally used by dog groomers. This shampoo is specially formulated with natural flax extracts and essential oils to calm and soothe bath time anxiety experienced by some dogs. FlaxSheen® Dog Shampoo dissolves buildup, cleans and moisturizes skin and hair while deodorizing and stimulating hair follicles. This product has been shown to increase the shine of both long and short haired dogs as well as increase the softness of their coat. Traditional shampoos if not rinsed thoroughly tend to result in a dry, dull coat. FlaxSheen® Dog Shampoo rinses easily and helps to condition skin and hair as well as provide the basic cleansing properties.

## Testimonial:

*"Hi! I wanted to share this with you; we took Honey to Pet Smart for a grooming session at Christmas. We didn't bring her FlaxSheen® with us and they used their regular shampoo. Honey wasn't near as shiny or soft as she is when we bath her at home."*
