

FlaxSheen® Moisturizing Mist

Based on Flaxseed Extracts
for Long Lasting
Shine and Nourishment

FlaxSheen® Moisturizing Mist is a coat, mane and tail spray-on, leave-in conditioning treatment based on flax extracts which is a natural shine enhancer. This product helps to moisturize and condition, eliminating dandruff and soothes dry, itchy skin. FlaxSheen® Moisturizing Mist can also be used as a 'dry shampoo' between baths – simply spray on and wipe off. This product is extremely convenient to use and is cost effective because it can replace a number of other grooming products. It is a natural, silicone free alternative for detangling and it can be used as a tail control spray to help ensure tight braids. FlaxSheen® Moisturizing Mist also helps to repel insects, soothe minor irritations, and will also help to clean and condition any colour of coat, with one application lasting between 5 to 7 days.

Contains:

Flaxseed Extract
Tea Tree Extract
Citronella Extract
Lavender Extract

Benefits of Choosing FlaxSheen® Moisturizing Mist:

- Uniquely Canadian 
- Makes any colour of hair and coat appear brighter and shinier
- Long lasting nourishment and shine
- Helps to keep mane and tail tangle-free
- Increases softness of coat and silkiness of mane and tail
- Natural bug repellent qualities help reduce insect bites
- Helps to soothe existing insect bites and other minor irritations
- Can be used as a 'dry bath' or spot cleaner
- Time saving and cost efficient
- Convenient spray nozzle allows precision application
- Provides a protective barrier with antibacterial properties
- May be used as a pre-braiding treatment (tacky quality when wet)
- Non-toxic
- Silicone free
- Created by a certified Equine Science graduate for people with a passion for both horses and aromatherapy
- "Endorsed by a Horse"

Testimonial:

*"Overall, I'm quite impressed with **FlaxSheen®**. Yesterday, when I went to get her from her paddock, even though she'd rolled in a small patch of dirt, I could still see the shine coming through! And her really sensitive skin didn't have any adverse reactions."*
M. Harvey

Product Data:

Unit Weight:	500 ml (17 fl oz)
Case Quantity:	12
Case Weight:	7 kg (15.4 lbs)
UPC:	8-7709-600104-0
